Paediatric Multi Sessions Seminar Description

Dr. Neil J. Davies, world recognized expert on chiropractic in the paediatric field will be bringing a multi-session seminar on clinical chiropractic paediatrics. The seminar will be taught in a series of 90 minute lectures on a wide range of common paediatric neurological and orthopaedic conditions.

The study materials all form part of a Master of Science degree in chiropractic paediatrics offered by McTimoney College of Chiropractic and validated by BPP University (London).

The teaching will be clinically relevant, balanced, based on the best available evidence accumulated by Dr. Davies over nearly 40 years of clinical experience. The clinical management protocols have been carefully developed and evaluated by Dr. Davies in consultation with leading medical paediatric experts in Australia. There will also be a cutting edge session on cranial adjusting in the very young.

Specific questions pertaining to this seminar may be directed to myself at neil.davies@kirokids.com.au or Chiroform at chiroform@chiroform.dk

Professional Societies:
Chiropractic Association of Australia.
United Chiropractors Association in UK.

Committee Memberships:
September 1985 to present
Chair, Paediatrics Committee, Chiropractic Association of Australia.
January 2001 to present
Chair, Continuing Education Committee, Chiropractic Association of Australia.

Relates clinical chiropractic management to pediatrics, with coverage of the key aspects of syndromes most commonly seen by chiropractors working with children. This title outlines the essential history-taking, physical assessment, diagnosis and management for each syndrome, while addressing relevant pathology of pediatric conditions. Illustrations.

This evidence-based text relates clinical chiropractic management to pediatrics, with coverage of the key aspects of syndromes most commonly seen by chiropractors working with children. It outlines the essential history-taking, physical assessment, diagnosis and management for each syndrome, while addressing relevant pathology of pediatric conditions. This is an essential reference source for both chiropractic clinicians and students. Chapters have been radically restructured for the new edition - in line with current research and the models of teaching now being used.

Price EUR. 135,00 DKK. 999,00

Prices exclusive VAT, customs and freight cost.
Paediatric Multi Sessions Seminar By Dr. Neil Davies

Course Outline

Session 1
The Child with Headache (Part I)

- The importance of the clinical history
- Interactive clinical histories
- The role of the physical and neurological examination
- Vascular headache where fever is present
  - Meningitis
  - Brain abscess

Session 2
The Child with Headache (Part II)

- Vascular headache where fever is not a clinical feature
  - Migraine
  - Carbon dioxide exposure
- Non-vascular headache
  - Anxiety
  - Depression
  - Attention-seeking
  - Sinusitis and sinus effusion
  - Apical tooth infection
  - Middle ear infection

Session 3
The Lower Limb in Childhood (Part I)

- Inflammatory and infectious disease
  - Pyogenic arthritis
  - Osteomyelitis
  - Juvenile chronic arthritis
- Malignant disease
  - Bone
    - Osteosarcoma
    - Ewing’s sarcoma
  - Soft tissue
    - Rhabdomyosarcoma

Session 4
The Lower Limb in Childhood (Part II)

- Orthopaedic conditions involving the hip region
  - Developmental dysplasia of the hip
  - Transient synovitis
  - Perthe's disease
  - Slipped upper femoral epiphysis
  - Interactive case studies
- Orthopaedic conditions involving the knee region
  - Benign genu varum
  - Benign genu valgum
  - Pathological genu varum
    - Blount’s disease
  - Osgood-Schlatter disease
  - Sinding-Larsen-Johannson’s disease
  - Osteochondritis dessicans
  - Patella tracking dysfunction
  - Interactive case studies
- Orthopaedic conditions involving the ankle & foot region
  - Sever’s disease
  - Köhler’s disease
  - Freiberg’s disease
  - Intoeing
  - Out-toeing

Session 5
Enuresis

- Natural history
- Familial, social and congenital factors
- Pathological and other factors
- Secondary (regressive) enuresis
- Primary enuresis
  - The clinical evaluation
  - Radiology
  - Urinalysis
- Clinical decision making and chiropractic management
Session 6
Cranial adjusting for the very young

- The biomechanical and physiological basis for cranial adjusting in children
- Type I, Type II, Type III & Type IV cranial subluxation patterns
- Neurological deficits associated with the cranial subluxation
- Adjusting protocols
  - Pattern type associations
  - The ventricular system
    - IVth ventricle decompression
    - IIIrd ventricle decompression
  - The sphenobasilar mechanism
  - The feet

Pediatric Products

The Chiroform Millennium Portable Child Table. The unique anatomical shape and oval design makes both the examination and treatment excellent, and at the same time the child is safe and secured. The experience by using this table will impress any parent. Can be used anywhere on a firm, safe base.

Recommended by Kirokids and Dr. Neil Davies.

Available in other fabrics and colours by request.

5 years of warranty on the foam. Upholstery 1 year of warranty.

Price EUR. 77,00  DKK. 569,00

Pediatric Products

Babyphon Sphygomanometer Set.

Price EUR. 125,00  DKK. 935,00

Prices exclusive VAT, customs and freight cost.

End of seminar.
Paediatric Multi Sessions
Seminar By Dr. Neil Davies

VENUE INFORMATION:

The seminar will take place at the conference department at DFDS Seaways Cruise Ship.

DFDS Seaways Cruise Ship
The Copenhagen to Oslo route is home to some of the finest cruise ferries in the DFDS Seaways fleet.

On board the CROWN SEAWAYS or the PEARL SEAWAYS, sailing to and from Denmark, you'll have access to fantastic onboard facilities including jacuzzis, games rooms, bars and restaurants, as well as comfortable en-suite cabins.

These two modern cruise ferries operate a daily service, departing at 17:00 from both Copenhagen and Oslo.

DFDS Seaways - The World's Leading Ferry Operator

The World Travel Awards are the most prestigious awards in the travel industry, with every company in the travel sector battling it out to be a World Travel Award winner. Recently DFDS Seaways won the huge accolade of World's Leading Ferry Operator - an achievement in which we are extremely proud of. Every year the World Travel Awards are announced. Over the last couple of years, DFDS Seaways has reached exceptional heights and won some of the most fiercely sought after awards in the competition, including 'Europe's leading long sea ferry operator'.

John Crummie, UK Managing Director of DFDS Seaways quoted:

“The World Travel Awards are recognised as the Oscars of the travel industry. It is testament to the hard work of everyone at DFDS Seaways that we have been recognised as the leading operator for the fourth year running. It really does demonstrate that we are leading the way within the industry for quality ferry operations.”

So why not experience DFDS Seaways and find out for yourself why we are the world's leading ferry operator.
